

EASY TO INSTALL

Perfect for new or replacement installations

A multi-direction vacuum inlet makes installation easy even in small spaces. Each model includes a wall mount support for safe and simple installation. Our five-step installation guide facilitates the work and the quality of execution.

SELECT A TOOL SET

STANDARD tool set BNAK1

STANDARD FLOOR BRUSH
25 cm wide hard floor brush features swivel neck and unique bristle cut to ensure efficient debris collection. Ideal for spaces with no carpet.

9 m CRUSHPROOF HOSE
Crushproof hose. Universal wall end to fit most inlet valves.

STAINLESS STEEL TELESCOPIC WAND
Adjustable length ranging from 63.5 cm to 97.5 cm.

LONG CREVICE
Notched end, ensures continuous airflow for optimum cleaning in narrow or hard-to-reach places.

UPHOLSTERY TOOL
For easy cleaning of furniture.

DUSTING BRUSH
Soft bristles won't scratch surfaces.

MESH STORAGE BAG
Keeps tools organized and in easy reach.

STRONG METAL HOSE HANGER
For fast and easy hose storage.

CONVENIENT MULTI-SURFACE BRUSH
Large, premium multi-surface floor brush is ideal for cleaning both hard flooring and carpet. Highly maneuverable and durable, this convenient combination floor tool is among the quietest available.

CRUSHPROOF 9 m LOW-VOLTAGE HOSE
Crushproof hose features an ergonomic handle with full 360-degree rotation to help prevent wrist strain and hose kinking. Knitted hose sock to protect furniture and trim from scratches (easy installation tube included). Universal wall end to fit most inlet valves.

PREMIUM HARD FLOOR BRUSH
Soft bristle floor brush with side channels for better edge cleaning. Scalloped bristle pattern avoids snow plowing debris while controlling air-flow for superior pick-up of all debris.

ELECTRIC POWER BRUSH
For deep cleaning of medium to high pile carpet. Full-width deluxe brush for maximum cleaning zone. More effective for picking up dirt in corners and along walls.

CRUSHPROOF 10 1/2 m DUAL-VOLTAGE HOSE
Crushproof hose features an ergonomic handle with full 360-degree rotation to help prevent wrist strain and hose kinking. Knitted hose sock to protect furniture and trim from scratches (easy installation tube included). Universal wall end to fit most inlet valves.

ELECTRIC WAND
Dedicated wand for electric power brush.

PREMIUM HARD FLOOR BRUSH
Extra-wide 33 cm premium hard floor brush with soft bristles that are gentle on wood floors. Patented swivel pivot connection allows for effortless maneuvering in tight spaces.

CARPET GLIDER
Pairs with the Turn-N-Clean floor brush for smooth and easy cleaning of rugs and carpet.

WAND HANGER
For easy storage on wall or back of door.

OPTIONAL ACCESSORIES

GK225 GARAGE AND CAR CARE KIT

- 15 1/4 m long crushproof hose allows you to move easily around the garage and the car
- Kit includes crevice tool, floor brush, dusting brush, upholstery tool, cloth caddy bag and hose hanger

BN165 AIR-DRIVEN BRUSH

- Ideal for homes with a mix of hard floors and carpet. The air-driven turbine cleans low to medium pile carpets effectively and eliminates the need for a separate electric power brush.

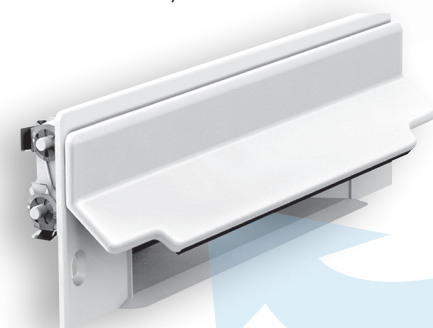

BNHS30 / BNHS35 KNITTED HOSE SOCK

- Protects banisters, walls, furniture, floors, wall coverings and moldings
- Fits all brands and models of hoses
- Available in 9 m length (BNHS30) or 10.6 m length (BNHS35)

V800W CANSWEEP® INLET VALVE

- Makes it easy for debris and dirt to be swept and removed from non-carpeted surfaces
- For use in kitchen, mudroom and bathroom
- Available in white only

V801W CANSWEEP® TRIM PLATE

- Available in white only

Double HEPA filtration

Up to 99.97% clean air*.
Virtually no exhausting of dust or allergen microparticles.

HEPA filter for motor exhaust provides two levels of system filtration

Fully sealed, permanent self-cleaning HEPA filter

So convenient

Large ergonomic latches on the canister make emptying your central vacuum child's play. The easy-to-remove debris pail facilitates handling and limits contact with dust.

HYBRID Technology

Offers bagless or bag option according to your preference.

Quiet

Thru-Flow motor allows for quieter overall operation. No muffler required. No air vents required in the power unit.

Reliable and durable

Proudly designed and manufactured in Canada to high quality and safety standards.
